Norm requested additional comments from the board and there being none, requested a motion to approve. Roy Palmer made the motion, which was seconded by Joy Burns and unanimously approved.

2013 Audit proposal
Norm asked Craig Umbaugh to outline the proposal for audit services for the calendar year 2013. Craig stated that the auditors, JDS Associates, are the same auditors the District used last year and were formerly known as Terry & Stephenson. Norm requested questions from the board and there being none, requested a motion to approve the contract with the auditors for 2013 and authorize the Chair to execute the contract and all documents necessary to fulfill the purposes of the resolution. Concessionaire Capital Fund expenditure
Andy Gorchov was introduced and reviewed the request for a capital improvement expenditure from the concessionaire funds. Craig Umbaugh explained that under the concession agreement, the concessionaire, Centerplate, is required to contribute money to a capital account for repair and replacement of equipment and concession improvements. Expenditures need authorization from both the District and SMC. Justin Kizima of Centerplate addressed the Board to explain the request for funds in the amount of $168,670 to be used for equipment repair, floor repair, refrigeration repair and equipment replacement. Justin stated that Centerplate contributes to the capital fund annually and the fund currently has a balance of $1,663,000. The 2012 contributions have totaled $234,000. There have been three prior disbursements to date from that fund totaling $348,000. Centerplate’s focus in 2013 will be on replacement, as equipment has reached the end of its usable life. Norm asked if there were any questions. Roy Palmer stated he likes the conservative approach that Centerplate, SMC and the District have taken in allowing the balance to grow. Ray Baker stated that as the facility is over 11 years old, the District and the team will have more capital requests for all aspects of the stadium. Ray stated that Sports Authority Field at Mile High is one of the oldest facilities as it relates to updated technology. Norm said that Centerplate continues to do a great job with respect to concessions and it’s a pleasure to work with Centerplate. Norm requested a motion to approve the request for capital funding from the concession fund in the amount of $168,670 and to authorize the Chair or any other officer to execute such documents as necessary to carry out the resolution. Joy Burns made the motion, which was seconded by Ray Baker and unanimously approved.

Justin Kizima then asked the board to consider a request for disposal of the old assets. Justin said Centerplate will sell the old equipment for salvage with funds being deposited back into the concessionaire capital fund. The expected salvage value is about $24,000. Roy Palmer made a motion to approve the sale of the equipment for salvage, which was seconded by Gene Ciancio and unanimously approved.

Update-Sun Valley Neighborhood
Matt Sugar stated that he met with the groups working on the Sun Valley area. He said the City gave an updated outline of the scope of work in the Sun Valley neighborhood and will release the concept to the public on January 7, 2013. According to Matt, the City says the public will have a month to comment on
the project and it then goes back to City planning and ultimately to City Council for review. Matt said that the City would like the District to endorse the concept. Bob Bryant asked if the City planned on new zoning. Matt stated that was part of the process and the City will look at the concept of street alignments, infrastructure and zoning issues. Ray Baker stated that any endorsement of the concept should be subject to both the Broncos and the District agreeing, and the Broncos should be at the table. No action from the Board is required at this time.

Staffing
Norm Early and Ray Baker stated that the District has many issues before it at this time and additional staffing is needed to work with the neighborhood associations, to work with SMC and its staff on capital improvements and stadium oversight, and for community outreach as it relates to the existing neighborhoods and potential new development around the stadium. Ray Baker said that Matt Sugar worked for the District during construction of the stadium, has assisted the District over the years and is the person best suited to handle the multiple issues for the District. Norm Early recommended that the District hire Matt Sugar on a full-time basis. Gene Ciancio, Roy Palmer and Jack Hilbert expressed their views that this was needed and that Matt was uniquely qualified. After discussion concluded, Joy Burns made a motion to approve hiring Matt Sugar, which motion was seconded by Gene Ciancio and unanimously approved.
